

LITTLE DRESSES FOR AFRICA

"WE'RE NOT JUST SENDING DRESSES,
WE'RE SENDING HOPE!"

A vision team of 4 has just returned from Malawi. As we entered the gates of our **New Hope Primary School**, we heard the children's excited singing, welcoming us to their school. Their excited faces greeted us with shouts of joy. The school now has classrooms up to level 4. They are receiving a Christian education in a safe environment. We have employed 8 teachers to teach and care for them. Last year we were able to provide a huge **playground** for them to encourage enrollment as well as community outreach.

This year we were able to complete a **swing set** as well as paint the office. All of the classrooms have desks and tables and chalkboards. We were also able to provide a printer to provide them each with their curriculum of study. Our school has a wonderful reputation and now has an enrollment of 150 students which is growing each week. Some of the children are able to enjoy the lunch program.

Although we were only in Malawi for 8 days, we accomplished a great deal. We were able to tag 7 wells with names of the sponsors of the wells. Our focus this year was to make a difference in the north part of Malawi, the area of Mzimba. Because of it's mountainous terrain and rough roads, this is quite an accomplishment and was received with joy. LDFA has provided clean water for close to 500,000 people. Clean water saves lives, reduces disease and increases sanitation.

**Their well before
and after**

LDFA has installed **147 wells** providing clean water for over 550,000 people. **You can sponsor your own well for \$5500** in honor of your loved one and you will receive the name of the village where your well is installed, a picture of your well with your name, and join the **"Well Wall of Fame"** at LDFA Headquarters. This is a great way to sponsor a gift that continues to give for years to come. Contact us for details rachel@littledressesforafrica.com
Clean water saves lives immediately.

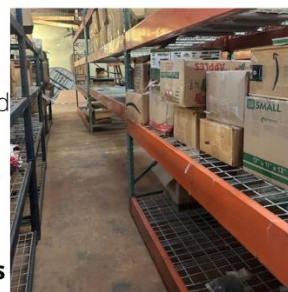

Be sure to mark your calendars for this year's BIG DINNER on Saturday, September 27, 2025.

Once again it will be at the beautiful Bentley Conference Center in Wyandotte. Doors open at 6pm and tickets are \$75. Big things are accomplished with our annual fund raiser. This year our theme is **"Planting Seeds of Worthiness."** We're not just sending dresses, we're sending hope. Some people ask "wouldn't it be easier to just send money to Africa?" And yes, it would be, but money can't hug a child and tell them they are worthy. Money can't form relationships with remote villages to see how else we can help. Our dresses are our avenue to show these villages they are not forgotten and that we love them. Please support this effort.

LDFA sends 40ft sea containers twice a year to our warehouse in Malawi. We were at our warehouse last week and it is organized and ready to receive the container recently shipped. Distributions continue throughout the year. **Over 13.5 million little dresses and shorts have been shipped** along with washable menstrual pads for our Dignity Program, school supplies, wheelchairs, bikes, shoes, bedding, and so much more. A shipping container is approximately \$16,000 to ship. Help is always appreciated.
